# Hurry up! Application for the **Startup Scaleup First Acceleration Programme 2015** ends on July 17

Startup Scaleup is taking applications for the First Acceleration Programme 2015 on F6S and if you want to take your startup to the next level you can ´t miss this opportunity.

Currently 1.9 billion devices are connected to the Internet of Thing (IoT) and this number is expected to reach 9 billion worldwide by 2018, so now is the time to get involved, especially if you are in Europe, one of the IoT's biggest ecosystems.

IOT STARTUPS:
WORLDWIDE: 2000+

ASIA - 300
USA - 770
EUROPE - 960

IOT ACCELERATORS:
WORLDWIDE: 140+

ASIA 10
EUROPE 60
USA 60

How can you join this journey?

Becoming a Startup Scaleup Project team member, because they will provide you the foundation you and your team need to reach your goals, week in week out over the following six months. You'll get to meet other local teams, set KPIs and strengthen the fundamentals that will help you to take your product to the next stage and scale your startup.

You will be able to take part in events and other activities, at least once every two weeks, that will help you to make sure you're on target and getting the help you need. For the six month period, you'll have access to a wealth of IoT tailor-made courses, tools and resources that will

prepare your team for anything, from business growth and international expansion to getting your product ready and being investor magnets.

And also you'll have a mentor assigned, someone who has been in your shoes with the experience to help your startup grow and grow quickly.

So don´t over think because there is no time left, apply by clicking https://www.f6s.com/firstaccelerationprogramme2015/ and enjoy the ride.

About the Startup-Scaleup Project

Startup Scaleup Project is the 6 month IoT accelerator of Startup Europe powered by the European Commission which is combining physical and virtual acceleration, and looking for talented startups aspiring to take their business to the next level and expanding to international markets.

Startup Scaleup Project is building a European ecosystem connecting the players of four consolidated entrepreneurial hubs (Cartagena, Dublin, Vilnius and Zoetermeer) in order to provide a greater range and quality services to ambitious entrepreneurs who want to launch and grow companies focused on the Internet of Things and Services (IoTS).

Startup Scaleup is run by the Universidad Politecnica de Cartagena, Crosspring LABs, Open Coffee Club Lithuania, the Ryan Academy, F6S and BluSpecs.
